EXECUTIVE DIRECTOR

Pat Thomas

Dear Chapter Members:

USGBC Maryland is now soliciting nominations for the 2010 Chapter Board of Directors. We are seeking candidates who will serve our community through leadership qualities, representation of our membership diversity and other qualifications necessary to assure a strong and dynamic chapter for Maryland.

Serving on the Board is an opportunity to help shape the future of the green building industry in Maryland. The main responsibility of Board members is setting strategic direction and providing overall policy direction, however opportunities for lasting business relationships and friendships are also developed.

Please consider this opportunity to serve our local community promoting green building and practices in Maryland.

- The Chapter is accepting nominations for 8 Board seats representing the wide diversity of our membership.
- Candidates will be selected for the slate to provide a mix of expertise, potential contributions, leadership experience, diversity of membership and continuity for the overall Board.
- Members will have an opportunity to review the candidates' applications and bios online prior to the election.

Nominations will be accepted by submitting the two(2) following documents no later than November 20, 2009:

- a letter expressing your interest, 250 words or less and suitable for posting online to the membership as part of the election process
- a biography or resume

Submissions will be reviewed by a Nominating Committee and candidates will be notified of their selection by end of November. Online candidate review and the election will be conducted in December.

Below is a link to the Election Fact Sheet, including board member basic responsibilities and desired qualifications. Please direct questions to pthomas@usgbc Balt.org or call 410-215-1706.

Thank you in advance for your participation in the chapter!

Highest Regards,

Rex Wright
Chapter Chair
