

Learn how mandatory green building laws could impact your business.

Panelists:

David Carroll,
Baltimore County Government, Directory of Sustainability

Josh Feldmark,
*Howard County Government, Executive Director,
Office of Environmental Sustainability*

Nadya Morgan & Bronwyn Phillips
Project Managers for the Baltimore City Green Building Standards

Robb Merritt,
Merritt Properties, Vice-President

We have assembled a panel representing the local governments in the region, some that have mandatory green building laws for new construction and major renovations and some of which offer incentives for that work. With the input of a local real estate developer, the panel will be able to discuss specifically the impact this emergent body of law will have on your business.

Thursday, September 24
Center Club Legg Mason Tower,
100 Light Street, 16th Floor

7:30 - 7:50 am Networking

8:00 - 9:15 am Panel
