Compliance with Code of Conduct: Pursuant to the unanimous resolution of the Council at its July 19, 1994 meeting in Washington D.C., each member of the Council must sign the following Code of Conduct:

As a member of the U.S. Green Building Council, I hereby agree to adhere to the principles of improving the energy and environmental efficiency of the whole building environment. This includes following and promoting the concepts of:

- *Improving energy efficiency and conservation;*
- *Improving indoor environmental quality;*
- *Increasing resource and material efficiency;*
- *Improving occupancy health and productivity;*
- *Improving environmental quality including air, water, land, limited resources and ecosystems;*
- *Promoting sustainability as defined as "providing for the needs of the present without detracting from the ability to fulfill the needs of the future."*
