Items Discussed:

1. Perry Richardson said the initial organizing group began meeting in Jan. 2006 and today all were in attendance to sign the Petition for Provisional Chapter Status. Packet to be submitted to USGBC National.
2. Tonights marks the first night of the Southern Bioproducts and Renewable Energy Conference. All are encouraged to attend.
3. MS Power and Wal-Mart have an up-coming sustainability symposium planned for the coast. Details to be available at a later date (via P. Richardson).
4. The bylaws and the basic strategic plan drafts are available via group website.
5. Patrik Lazzari and Ann Somers presented the listing of the future monthly Educational Programs (planned through September 2007). Some programs are confirmed, others have details to be developed. These will be listed on the web site: chapters.usgbc.org/mississippi under events as the information becomes available. Ann and Patrik want feedback & suggestions about programs from others. Please contact them with ideas.
6. We need to remind our entire group to invite others to our programs who may be especially interested in the subject.
7. Elisabet Carllson (visiting Swedish journalist) and Thorstein talked about greener modular housing (web-site resource to be posted to website).
8. Jason Spelling answered a few questions on the progress status of the Governors' Gulf Coast Renewal efforts on housing and cottages.
