

# LEED® Green Building\*

Construction and Engineering Technology

## Speaker Series

Healthy. Efficient. Environmentally responsible. Can your buildings make these statements? Building Green is now a genuine movement that is increasingly being embraced by progressive municipal governments and more than few home builders. Hear from a series of local experts how to make green building part of your product offering.

Keith C. Howard, CSI, CDT, LEED AP with Styro Systems will be speaking on "Garden Roofs."

**March 21, 2007**

**5:30-6:30 p.m.**

**J. Earle Bowden Building  
120 Church Street, Pensacola, FL**

**Cost: FREE - reservations requested**  
(Happy hour refreshments will be served.)

### The objective of this event is to:

- Create awareness for green building
- Provide a platform for networking
- Discover new products
- Network with colleagues in the industry

### Who should attend:

- Architects
