

Green Residential in St. Louis

October 17, 2006

PRESENTERS

- Matt Belcher – Belcher Homes
- Jay Swoboda – EcoUrban Homes
- The Roberts Companies

WHAT TO EXPECT AND WHAT YOU'LL LEARN

- An introduction to the basics of green homes - and what makes them different from traditionally-built homes
- A discussion about LEED for Homes, green builders and green projects in the Saint Louis area
- Learn how market forces support green building through reduced energy costs and energy-efficient mortgages and the market acceptance of green homes is growing

RSVP to (314) 577-0854 or usgbc-stl@mobot.org
